Tiedot

The logistics and warehouse building is situated in a visible location along the busy Mukkulankatu.

The available unheated warehouse space offers generous clear height, ranging from approximately five to eight meters. The space can be divided into two separate areas if needed.

There are two overhead doors in the warehouse.

Other information:

The yard area of Mukkulankatu 18 is almost entirely fenced and equipped with several gates.

Location and surroundings:

Opposite the building lies the Lahti campus area, with nearly 5,800 students. In addition, staff from various companies operating in the Isku Center work nearby. The area also features other small-scale industrial and retail buildings, as well as residential housing and lunch restaurants.

The property is located approximately 1 kilometer from Lahdenkatu, which leads directly to the Lahti city center. To the north, about 2 kilometers away, is Highway 26, which connects to the Lahti–Helsinki motorway (E75).
